University of Colorado Boulder Bachelor of Arts in Computer Science | Minor in Business | 3.9 GPA	May 2018
Mead High School Co-Valedictorian | 32 ACT | 4.2 GPA	May 2014

Experience

Technical Product Manager | LASP — May 2018 – Present
- **Backlog Management** | Maintain and prioritize the product backlog in order to quickly and efficiently roll out product enhancements.
- **Stakeholder Meetings** | Lead bi-weekly stakeholder meetings by presenting recent product accomplishments and discussing future improvements.
- **Feature Creation** | Work closely with both customers and developers in order to streamline feature creation from a vague need to a concrete solution.

Web Developer | LASP — Oct. 2016 – May 2018
- **Web Application Development** | Redesigned and implemented features for a 3D data visualization application using AngularJS, HTML, Sass, Bower, Gulp, and NPM.
- **Test Automation** | Automated both end-to-end and unit tests using Karma, Protractor, and Jenkins.

Cofounder | Vivo Applications, Fuse Invest, and Ticket Buffs — Jun. 2016 – May 2018
- **Empathy Research** | Researched customer needs and pain points by conducting over 100 empathy interviews.
- **Formal Presentations** | Gave upwards of 30 formal presentations to explain key business milestones, product features, and business strategies.
- **Business Plan Creation** | Analyzed market opportunities and customer needs in order to develop a business plan and go-to-market strategy.
- **Pitch Competition** | Pitched in the New Venture Challenge startup competition and placed 7th out of over 35 teams in the IT track.

Web Developer | Department of Continuing Education — Oct. 2014 - Dec. 2015
- **Website Design** | Developed and maintained courses on the University of Colorado Boulder's online learning platform using HTML, CSS, JavaScript, and Photoshop.
